GEORGINA MELLING

07599 370901 / georginamelling@outlook.com / g-melling@github.io

Final-year MSc Computer Science with Artificial Intelligence student at the University of York, interested in Software Engineering, Cloud Infrastructure and DevOps for deploying scalable, reliable AI systems.

% skills

Programming & Web

Python Java JavaScript HTML CSS React C

Data & AI

Numpy Pandas Scikit-learn Matplotlib SQLite

Tools & Practice

GitHub Tkinter Bootstrap DevOps Cloud

% certifications

HarvardX CS50X: Introduction to Computer Science

HarvardX CS50P: Introduction to Python

HarvardX CS50AI: Introduction to AI

% interests

- Creating projects with Raspberry Pi. I am also learning some basic electronics and robotics.
- I originally trained as classical pianist, but now I enjoy writing and playing electronic music. My current build is a Pi-powered Theremin.
- Anything outdoorsy - I enjoy climbing, mountaineering, kayaking, hiking. I am designing a solar-powered cyberdeck for off grid adventures.

% education

MSc Computer Science with Artificial Intelligence

University of York / estimated graduation date: May 2027

Completed modules: Software Engineering, Advanced Programming, Applied AI, AI and Machine Learning, Algorithms and Data Structures, Computer Architecture and Operating Systems, Computer and Mobile Networking, Research Methods.

BMus Music

Royal Holloway, University of London / 2:1

% current

CodeClub: Volunteer Mentor / June 2026 - Present

Supporting young learners with coding concepts, creative problem solving and confidence in technology.

Buckinghamshire Music Trust: Instrumental Teacher / March 2024 - Present

% projects

01 Social Media Moderation Analytics Dashboard

Desktop analytics platform supporting social media moderation through data cleaning, reporting, statistical analysis and visualisation of user engagement and moderation activity.

Python Tkinter Pandas SQLite Matplotlib

02 ML for Biodiversity Conservation

Combined multiple UK biodiversity datasets and used a Genetic Algorithm for feature selection with Linear Regression to identify environmental variables associated with changes in wild bee populations.

Python Numpy Pandas Scikit-learn

03 Web Design and Development

Website design and development for electronic musician MEALLA, combining responsive front-end implementation with a strong visual identity.

HTML CSS JavaScript Bootstrap
